

## **BACKGROUND CONSENT**

Verizon considers all candidates' background information/investigation results when making hiring decisions. You were asked to provide certain information on your employment application so that Verizon can undertake an appropriate background investigation.

All employment offers, as well as continued employment, are contingent upon validly passing the background investigation.

Please note that should A-Check America, Inc. need information from you at any point during the employment screening process, they will contact you via e-mail and/or telephone. To ensure emails from A-Check are delivered to your Inbox so you can respond to them in a timely manner, we recommend you turn off any "spam" or "junk" email filters you may have. A-Check may also contact you via telephone from a 951 area code.

Thank you

Verizon Human Resources
